

EUROPEAN FOREST INSTITUTE
ATLANTIC EUROPEAN REGIONAL OFFICE – EFIATLANTIC

Second EFIATLANTIC Annual meeting Seminar organised by REINFFORCE project

2010, March 18

Bertiz, Navarra, Spain

Simultaneous translation in French, Spanish and English

Forests, Forestry and climate change : post Copenhagen challenges

What happened (and didn't happened) in Copenhagen :

The Copenhagen accord and forestry. (Inazio Martinez de Aranio, USSE)

Impacts of climate change, mitigation options and EU policies after Copenhagen (Gert-Jan Nabuurs, EFI)

Carbon sequestration and plantation forestry

The New Zealand emissions trading scheme (Marina Conway, Private Consultant)

Prospects of the forest carbon promotion in Aquitaine (Yves Lesgourgues, CRPF Aquitaine)

Bionergy and plantation forestry:

Potential contribution of plantation forestry to the energy challenge (Guillaume Chantre, FCBA)

Actions as regards of wood mobilisation, Navarra region and European Commission point of view (Fermin Olabe, Navarra Government)

Phenological adaptive responses of oak and beech to altitudinal gradients in the Pyrenees (Sylvain Delzon, University Bordeaux I – INRA BIOGECO)

Round Table: Plantation Forestry and Climate Change: Research needs in Atlantic Europe.
